ABOUT BINTEL

Bintel Inc., based in CO, is a privately held, technology solutions provider to government and enterprise. Our team works closely with customers to understand their challenges and obstacles to operational excellence. We apply targeted technology and workflows to gain clarity and insights around these areas, utilizing relevant data as a core component. Key elements of the Bintel approach are collaboration, speed, flexibility, cost-effectiveness, scalability, and a results-driven process. Each customer relationship is unique, and the application of Bintel's capabilities will vary depending on their needs. Our process is transparent and grounded in truth, and the product we deliver is data-enabled intelligence that can be used to make informed and effective decisions.
